## MVC, WT self-imposed penalties same; no appeal will come from university

The Missouri Valley Conference, in finding that West Texas State has violated a series of conference regulations, adopted the same disciplinary action against the institution as it voluntarily assessed itself, it was announced Wednesday.

The penalties, made public Wednesday by Conference commissioner Mickey Holmes, do not include a reprimand, however, for the university's football coaches. That reprimand had been included in action taken by the WTSU Athletic Committee a week ago after an investigation by Dr. Jack Bullock, chairman and conference representative.

The Conference's Directors of Athletics, in taking the action against West Texas State for a series of violations in the basketball program, have levied the following penalties:

1. For violation of provisions, as they pertain to the conduct of the West Texas State University basketball program — initial

financial aid grants in basketball will be limited to a maximum of four in each of the next two academic years (1976-77 and 1977-78);

2. For violation of provisions, as they pertain to the conduct of the West Texas State University basketball program — public reprimand for Head Basketball Coach Ron Ekker and Assistant Basketball Coach J.D. Barnett. This public reprimand is with the admonishment that each be more diligent in the conduct of his activities to the end each becomes conversant with the rules and regulations of the Missouri Valley Conference and the National Collegiate Athletic Association; each does not again place himself and his University in violation of such provisions because of negligence or self-admitted ignorance of these and other provisions, or willingness to disregard existing provisions in order to gain personal achievement in the face of institutional

and Conference embarrassment; and to recognize the gravity of the consequences to the University and to its basketball program should it not conform to all the requirements of the Missouri Valley Conference and the NCAA; and,

3. For violation of provisions, as they pertain to the conduct of the West Texas State University basketball program — the Commissioner of the Conference has been directed to, on an annual basis for the next two years, conduct a full investigation into the recruiting and financial-aid practices of the staff members and representatives of athletic interests associated directly and/or indirectly with the basketball program of the institution. Findings of such investigation will be reported annually to the Directors of Athletics of the Missouri Valley Conference.

The University was found to have violated Conference legislation in that it permitted an illegal

inducement to be extended in behalf of a prospective student-athlete, allowed instances of prohibited transportation of prospective student-athletes and a relative of a prospect, and allowed instances of prohibited entertainment of prospective student-athletes, and members of the staff erroneously signed an annual statement of compliance.

"The Directors of Athletics of the Conference believe that West Texas State should be commended for its immediate investigation of the situation, coordinated by Dr. Jack Bullock, faculty representative, and for taking meaningful action through its Athletic Committee to correct the situation and levy penalties where penalties were due," Holmes said.

"It was the opinion of the Directors of Athletics that the University is taking positive steps to assure proper recruiting procedures will be followed in the

future," added Holmes.

Included in West Texas State's own action is the stipulation that the institution's Athletic Committee shall thoroughly review the recruiting practices of the basketball coaching staff on a quarterly basis. Other actions taken by the institution included the diminishing of allowable basketball grants and the reprimand of the coaches involved.

Bullock announced Wednesday that the Athletic Committee unanimously voted during a hastily called afternoon meeting not to appeal the MVC decision.

The university must also appear Tuesday before the NCAA infractions committee to answer similar charges.

Athletic Director Gene Mayfield, two basketball coaches and Bullock are to meet with the five-man committee in San Diego, Calif., for the meeting.

A decision from the NCAA is not anticipated before the annual NCAA meeting in January.

## Immediate bond election urged

Financial Advisor Bob Davis urged Canyon School Board members Tuesday night to call another election for issuance of \$6 million in bonds immediately and the board is expected to consider the proposal at a meeting next week.

"I would not let the matter cool off," Davis told the board after they learned the bond issue election of Tuesday had failed to pass by a 300-vote margin. "Once it does even the very ardent backers are going to cool off with it."

"The need is here or you wouldn't have called it in the first place. You will need new schools today, tomorrow and next month. You have strong interest aroused, maybe a little too strong today, but if you put it off six

months they'll say it's an indication you can get along without (new schools)."

Both Supt. Jerry Jacobs and Board President Tom Keeling indicated the school board will call another election to seek voter approval for the issuance of \$6 million in bonds for construction of two new schools in the Canyon School District.

But, Keeling would not say whether the board will try to deal with various campaign issues which might or might not have played a role in the defeat of the election before another election is held.

Davis told the board there is no time limit they must wait before calling another election.

"We have a regular meeting

scheduled for a week from tonight," Jacobs said. "Seven nights sleep and evaluation wouldn't hurt anybody at this stage."

"We might make a decision on this next Tuesday," Keeling said.

Board members discussed the possibility of calling the bond issue election at their next Tuesday night meeting but setting the election for a date about 45 days from Tuesday.

Earlier in the evening, a nervous Keeling opened the election judge packages containing the election results and read the figures.

"Well," he said after reading the results, "that's it for this time. There will be another time," Jacobs, answering one of sev-

eral telephone calls during the meeting, told a caller: "They tell me there's an old adage 'another day there'll be another way.'"

Keeling, in response to a question, said he does not know whether the school board will deal with the problem of de-annexation of certain sections of development land in South Amarillo and within the CISD before another bond election is held.

During the somewhat informal meeting which continued following the announcement of the election results, Gene Howe School Principal Luther Lawless and other Gene Howe area residents held a rump session in the meeting room and began laying campaign strategy for the next bond issue election.

He indicated the bond issue supporters in the north part of the district may make an active effort to register many potential voters now residing in the area.

Several persons present, many of whom had worked for passage of the election, handed money to John Reeves, treasurer of the Citizens Committee for Quality Education, an election support organization.

Reeves said the committee has about \$200 remaining from the unsuccessful effort prior to the Tuesday election to begin anew on the issue.

Only about a fourth of the qualified voters in the school district turned out Tuesday for the

## Weather modification group asks 4-year permit

## Cloud-seeding fight starts anew

South Randall County rancher Walter Graham began organizing Monday a second-round campaign against an effort by a Hale County weather modification association to obtain a four-year operation permit.

Graham, who spearheaded an effort last April to block issuance of a permit to the Plains Weather Improvement Association by the Texas Water Development Board, said Monday

he will renew his fight.

The Water Development Board approved Friday the concept of a four-year plan for weather modification activities by the Plains group, but a permit for the operations has not yet been issued.

Under a new Texas law, only 25 residents are required to call a public hearing on the permit application by Plains.

Graham said he feels he'll have no trouble obtaining letters of

protest from 25 residents.

The public hearing, under the law, must be held in the Panhandle area.

John T. Carr of the TWDB said Monday the Plains Weather Improvement Association application for a four-year permit to modify weather in the area was incomplete when presented to the board and the board approved the permit contingent on the association presenting a satisfactory proof of financial re-

sponsibility and publishing notification of intent to modify weather in the counties affected.

"If we get 25 complaints it nullifies the action of the board," Carr said.

Carr said the application submitted by Plains is similar to the application filed last spring, an application which was approved by the TWDB despite protests from local and area farmers and ranchers and a large number of opposition resolutions from

county commissioners in the Panhandle.

He said Randall County is not within the target area of operation for the weather modification activities, but planes from the association can fly over portions of South Randall County as they maneuver to catch clouds which might affect weather within the target area.

Carr said the applicants for the Plains permit indicated they will meet the full requirements of the law by providing a statement of financial responsibility and by publishing their intent to operate weather modification activities in newspapers in the affected counties.

"We won't have any other action on it unless we have 25 complaints," Carr said.

Graham said he feels he can draw support from South Plains farmers and ranchers who are opposed to weather modification activities.

The prominent Randall County Hereford rancher charged last spring in the first go-round, a go-round won by the Plains association, that association efforts to suppress hail in counties to the southwest of Randall County were also suppressing rainfall in Randall County.

He contends the association's planes attempt to "tear up" clouds travelling from south-

## Developer to reopen negotiation with district for de-annexation

The developer of a 900-lot South Amarillo subdivision said this week he will contact Canyon School District officials within the next few days to reopen negotiations for the district to de-annex his property to the Amarillo School District.

Emmett Fuqua of Quien Sabe Investments of Amarillo said he still hopes negotiation will be possible for release of his and adjoining lands to the Amarillo district.

Fuqua has about a half-section of land near Coulter Road west of the Canyon expressway and contiguous with the Amarillo School District.

He has already filed a preliminary plat for approval with the City of Amarillo for the development, which he has said will be a full subdivision.

And, he also has an occupied mobile home as the only occupied

dwelling on his property.

Fuqua met with Canyon school board members two months ago and offered \$100,000 to the board as payment for potential lost revenue on the property if they would give sanction to the removal of about three sections of land from the CISD for annexation by the AISD.

Following his offer, Board President Tom Keeling indicated the \$100,000 figure might not be enough money to make up lost revenues.

Since that meeting, the board has not discussed Fuqua's offer in open session and Keeling has refused to indicate what the board's intent might be concerning the land.

He contended the board was more interested in pursuing the

## De-annex land, opponent urges

The overwhelming rejection by Canyon voters of a \$6 million bond issue Tuesday is a mandate to the Canyon School Board, which should work immediately to de-annex lands southwest of Amarillo, the most vocal opponent of the bond issue said Wednesday morning.

Stan Collins, who headed a Citizens Revolt Committee Against Bonds, said the board

should also grant a \$3000 exemption on homestead taxes to the elderly in the district.

"The voters in Canyon voted more than two to one to reject the bond issue," he said. "Now, it's time for the school board to accept the mandate of the people and (1) work with the Amarillo School Board to de-annex lands west of the Canyon expressway and (2) to find out what class-

room needs really are and make a decision to build them in Canyon and come back with an appropriate bond issue and they'll have my support."

Collins, a Canyon resident who does business in Amarillo, softened what has been a prevalent theme in his anti-bond issue campaign in a statement issued Wednesday.

"I'd like to say we could have a

new school board with the old board members if they'd change their attitudes," he said.

Collins said he hopes the board will recognize the concerns of the voters and act to resolve issues which have dealt in the defeat of the bond issue.

Collins filed a statement of expenditures and contributions Monday by mail with the Can-

Canyon voter Donald Baird, left, helps another voter place his ballots in the correct box during Tuesday's school district bond issue election. Canyon voters cast ballots two to one against the \$6 million issue but the

final vote tally showed a 300-vote margin in opposition to the proposition. School officials have said they will try again to pass the bond issue.

## Teens spending money here; clothes most purchased items

Junior and senior high school students, representing a potential market of thousands of dollars a year, spent the bulk of their money in Canyon, a recent marketing research survey reveals.

The project, called "Where The Youth of Canyon Are Passing the Buck," was undertaken by a distributive education class at Canyon High School under the direction of Jerry Bigham. The survey will be entered in marketing research competition in February.

Using a random sample of 200 students from the 1,816 junior

and senior high school students, the research team concluded that Canyon teenagers spend a substantial amount of money each week.

Some 43 percent of the sample reported that they received, either as allowance or wages, from \$1-\$5 each week, while an additional 17 percent got \$5-\$10 every week. A smaller 11 percent received from \$10-\$15 per week.

The sample listed a variety of stores popular with Canyon teens. Clothing accounted for the majority of purchases, with 30 percent of the sample reporting they spent \$15 a week for clothes.

Twenty-five percent said they spent \$10 a week on clothes, while 15 percent said they spent \$18, and 18 percent of the students estimated they spent \$20 a week on clothes.

Other categories lagged in dollar sales. Students estimated their food purchases at between \$1-\$5 a week, with 30 percent estimating they spent \$5 a week on food. Entertainment expenditures were low, with 35 percent of the teens estimating they spent nothing at all on entertainment.

However, according to the

# Let It Snow 'Cause County To Buy Plows

Rural Randall County residents could have an easier time getting to town this winter due to an anticipated purchase of two snow plows by the county.

Commissioners Monday told County Road Supt. Joe West to seek bids for the purchase of two snow plow units which will fit on the front of two new county trucks.

West said the plows can be expected to cost about \$3300.

Commissioners Paul Lindsey and Jim Fletcher urged the purchase of the two snow plows, as much to help rural residents as to help preserve the topping on black-topped roads.

"I hope we won't need them if you buy them," Lindsey said. "But, they'll pay for themselves with one good snow. They'll save the pavement and open the roads."

In other business Monday, commissioners heard presentations from Buck Douglas, executive director of the Texas Association of Counties, and George Blackwell, local insurance agent, on providing workmen's compensation insurance for county employees after Jan. 1.

Douglas, whose association provides a workmen's compensation policy for member governments, outlined the various benefits of his plan as he has in the past.

Commissioners in the past have chosen to retain the policy the county has with Blackwell.

Both men are to present comparative cost figures on their differing plans to commissioners at the upcoming Monday commission session.

Commissioners passed a resolution during the meeting urging that the Panhandle Regional Health Council, an adjunct organization under the Panhandle Regional Planning Commission, be the administrative branch for a new health planning region.

Fletcher and Commissioner Dee Griffin were appointed to investigate the possibility of using an auctioneering firm to auction off the old South Amarillo court house annex, which is now largely vacant with the completion of a new annex facility.

## Senior Citizens Drive For Members

A membership drive is underway now by the Canyon Senior Citizens Association, who estimate from the current voter list that there are 5,544 persons in Randall County who are 55 years of age or older.

Booths will be set up Friday at both city banks to sign new members and issue new membership cards as present cards expired Aug. 31. Mrs. L.S. Johnson is membership chairman.

Remodeling of the Senior Citizen center at 1719 5th Avenue, is progressing rapidly and activities are planned to begin at the new location soon.

A chairlift has been contracted for and will be installed when the funds are available for installation costs, a spokesman reported. He also said that no funds are available for the operation of the center and that the organization is dependent for support on members and interested citizens for operating costs.

When the center opens, daily activities are planned and special programs will be held in the auditorium.

## Furnishings Cost Discussed At Library Board's Meeting

The cost of furnishings for the new city library was announced as \$13,400.00 by Glen Metcalf, city manager, at a regular monthly meeting of the Canyon Public Library Board Monday afternoon, Dec. 8.

The cost figure quoted did not include a \$3,000.00 fee paid to the library consultant.

In other business the board discussed a conference room at the new library which will be available for small meetings and a larger room located in the city complex which will accommodate larger groups. The library board chairman, Claire Kuehn, will be issued a key for the larger conference room.

The board also noted that funds donated to the library from various organizations of the city will be used for providing a refrigerator and coffee pot to be used by the library staff as well as groups holding meetings there.

It was also noted that any monies given to the library in the future be specifically earmarked for a particular purpose and spent as funds become available.

As provided in the library board's by-laws, chairman Claire Kuehn will be giving a report to the Canyon City Commission soon after the move to the new library facility to inform the commissioners of the current status of the library.

Prior to the move to the new library location, the board decided it would be necessary to eliminate old and severely damaged books from the library's shelves. The books will be boxed and moved December 18 and anyone able to assist with the project should contact Rev. Terry White.

The library board also approved the purchase of 77 new books which had been selected by the librarian, Mary Huntington. It was also announced that when the new library furnishings arrive, the city library will be closed for several days to facilitate the moving of new books into the new library at the civic complex.

Present at Monday's library board meeting were Claire Kuehn, chairman; Kathy Glazener, J. B. Roberts, Walter

## Funeral Mass Held Wednesday For Mrs. Dowlen

Funeral mass for Mrs. Frances Dowlen of 121 S. Goliad, Apt. 8, was held Wednesday afternoon at St. Mary's Catholic Church with Rev. Ken Keller, associate pastor, officiating and burial in Dreamland Cemetery at Canyon.

Mrs. Dowlen died Saturday. She was a housewife and spent a majority of her life on a ranch near Umbarger. The ranch was sold 16 years ago and she moved to Amarillo with her husband, Clark Dowlen, who died in 1954.

She was a member of the National Catholic Community Service, the Mother Cabrini Circle, the Amarillo Garden Club, St. Anthony's Hospital Auxiliary and St. Mary's Catholic Church. She sponsored the Amarillo Junior Gardeners.

Survivors include a sister, Mrs. Grace Boyd of Canyon; and three brothers, Charles Beckman of Umbarger, Walter Beckman of Clayton, N.M. and Henry Beckman of Montague.

## New Life For Old Home

With a new coat of gray paint on the outside and bright red wallpaper sprucing the interior, one of Canyon's older homes began a new life this week as a gift and antique shop.

The big house on 4th Avenue was badly dilapidated when it was purchased in September by Henry W. Taylor and his wife, Martha June.

Dingy white paint peeled from the clapboard outside and inside, old wallpaper hung in tatters from the walls. The hardwood

floors were scratched and worn. But basically the house was sound.

"We were surprised when we got to hanging new paper to find the walls still true," said Taylor. "We thought the place would have settled badly over the years."

The Taylors did most of the work themselves, hanging paper, refinishing the handsome woodwork, painting floors and finally furnishing the large rooms with gifts and antique furniture. The kitchen has been remodeled into a country kitchen of the early 1900s.

Over the years, the old home has served many functions, first as a family home, later as a boarding house for young women attending the university and finally as student apartments.

According to tax records, the house was apparently built in

1910, when the property was owned by J.T. Service and his brother A.L. Service. The Service brothers bought the property in 1899 from L.G. Connor.

The house was later sold in 1943 to Grace Lee McDougald, who operated a rooming house for women students. Another large home across the street, now torn down, was used as a boarding house for men students, Taylor said.

In 1972, Spurgeon McDougald Jr., as executor of his mother's estate, sold the house to Frank, Marlin, Hayney and Paul Poyner and Ray Gardner. The home was used until about a year ago as apartments for WTSU students.

Now, refurbished, it has become a gift shop. And, with the restoration, one of the city's old homes has been preserved.

## Funeral Today For Mrs. Barrett

Funeral rites for Mrs. Rae Barrett, 80, will be conducted this morning, Dec. 11 at 10 a.m. in the First Baptist Church of Canyon with Rev. Jim Hancock officiating.

Mrs. Barrett of Rt. 2, Happy, died Monday night at Palo Duro Hospital in Canyon. She was born in Leon County, Texas, Nov. 4, 1895. She married J. H. Barrett on Feb. 20, 1920 at

Stephenville, Texas and they resided at Claude for 20 years.

The Barretts moved to a farm in the Jewell Community in 1942. Mrs. Barrett, the former Rae Lidia, was a member of the First Baptist Church of Canyon and the Eunice Sunday School Class. She was active in the Pleasantview Home Demonstration Club and was named woman of the year for the club in 1974.

Burial will be in Dreamland Cemetery. Pallbearers will include Raymond Henders, Burton Davis, Frank Davis, Alfred

Bucker, Nolon Henson, and Ocie G. Chism. The family has requested that memorial gifts go to the First Baptist Church of Canyon for the youth program or a favorite charity.

Survivors include the husband, J.H. Barrett of Rt. 2, Happy; a son, Elmo of Amarillo; two daughters, Mrs. Fred Anderson of Chicago and Mrs. Loyd Crowover of Stratford, Tex.; a sister, Mrs. Hal Verner of Petersburg, Tex.; a brother, A.A. Lidia of Dallas; 12 grandchildren and three great-grandchildren.

**FIFTIETH ANNIVERSARIES** COME in short supply, but Happy was doubly blessed on Sunday. We had two 50th anniversaries.

Mr. and Mrs. Alden Mann began their celebration with dinner in their home served by friends and neighbors.

They brought the food, served it, and even washed the dishes (Ruth said).

Attending the dinner were Mr. and Mrs. Ira Mann and Richard from Bradley, Okla.; Mr. and Mrs. Jay Mann and Mr. and Mrs. Ray Mann both of Garden City, Kans.; Mrs. Johnny Mann, Mr. and Mrs. Bud Adams and Julie and Mrs. Gary Baker of Pampa; Percy Walters and Fern Keiser of Amarillo; Mrs. Helen Hagood, Mr. and Mrs. Dub Scarborough and Homer Robertson of Petersburg; Jan Thorpe Boswell of Lubbock; Mrs. Bobby Underwood of Albuquerque; Mrs. Jack Belew of Clayton; Mrs. Maude Walters of Canyon; Mr. and Mrs. Jack Ratjen of Mansfield; Mr. and Mrs. Bob Wheelchel and their Bob Ann, Greg, and Jeff of Claude; Mrs. Ralph Snyder of Moran, Tex.; Mr.

Alden and Ruth received guests at the Clyde Hancock home from two to five o'clock on Sunday afternoon. Ruth wore a golden floral gown and a corsage of gold daisies and baby red roses accented with stock. Alden wore a red rose boutonniere.

Bob Ann and Jeff Wheelchel registered guests. Nieces of the Mann's served during the afternoon.

The serving table was covered with a white cloth and centered with a bouquet of golden daisies, golden mums and red roses and accented with white baby mums. Golden tapers flanked the bouquet. The cake and punch were served from crystal and gold service. The anniversary cake was a white tiered cake decorated with bells and doves and wedding bells and a "50" atop the decorations.

A golden tree decorated with cards and "greenery" was displayed. And gifts were displayed in a bedroom.

More than three hundred called during the afternoon. And many more called and sent best wishes.

**RUBY AND J.L. (Bud) Oler** celebrated their fiftieth anniversary on Sunday afternoon in Fellowship Hall of the First Baptist Church of Happy.

The reception was given by their children and their families: Jack and Mary Oler of Tulsa and their Karen (Mrs. Bruce Stanaland of Planview) and granddaughter Celinda; Dub and Karen Oler of Amarillo; Thurman and Marie Oler of Beeville and their Carrie, Tamme, James (Buster) and Debbie; Emma Jean and Billy King of Monument, N.M. and their Marshall (and his wife) of Jal, N.M., Betty and Bobby Sutton and granddaughter Brandy of Monument, N.M., Jimmy and Margaret Ann; Jay Oler and Donnie Oler.

Mrs. Oler wore a blue dress and a corsage of gold cymbidium orchids for the occasion. Linda Becker, Mrs. Dub Oler's sister (who also claims to be a part of the family) registered guests. A bouquet of gold daisies decorated the registration table. The serving table was covered with a white lace cloth over gold and centered with gold mums and daisies. The Anniversary cake was white topped with a golden "50." Punch, cake, mints and nuts were served from crystal service.

Serving during the afternoon were Margaret Ann King, Kay King, Betty Jean Sutton, Karen Oler, Carrie Oler, Tammie Oler and Emma Jean King. Charlotte Weaver, Mildred Devin, Alice Penn and Lena Bell Cabe were friends who helped during the afternoon. I asked Mr. Oler (jokingly) how was it to be married to the same woman for fifty years? With a broad smile he replied - "Great!" And then he asked me if I know what the secret was and noted "To choose the right one."

More than 260 called during the afternoon. Out of town guests

**MRS. FLORA BACHUS** celebrated her ninetieth birthday with an open house at the Catholic Parish Hall hosted by her children, Mr. and Mrs. Albert Venhaus, Mr. and Mrs. Lloyd Bonds, Mr. and Mrs. Earl Bachus and Mrs. Helen Bachus. Friends were invited to call.

The serving table was covered with a white lace cloth over blue. A white cake topped with a silver "90" centered the table and on each side six white candles on which white satin Christmas balls had been tied with soft aqua blue velvet ribbon lined the center of the table. Assorted cookies and coffee were served. Cream and sugar were served from a hand-painted china set. Many, many friends called during the afternoon.

## 13 Taxpayers Due IRS Checks

Thirteen Canyon taxpayers have unclaimed tax refund checks waiting for them if they can identify themselves properly and can establish proper claim.

The Internal Revenue Service (IRS) made public this week a list of individuals whose tax refund checks have been returned as undeliverable. A.W. McCannless, district director for the IRS in North Texas, in announcing availability of the list, made it clear that it is not necessary for anyone whose name appears on the list to consult or engage the services of a locating or searching service or anyone else to obtain information with respect to the refund check.

McCannless said, "Individuals whose names appear on the list should contact the IRS office in the area where they lived when the return was filed and establish their identity and right to receive the check."

The current list contains unclaimed refunds for 1971, 1972, 1973 and 1974.

Taxpayers whose names appear on the list should contact the IRS office where the return was filed giving full information necessary to establish claim. Such information should include: The name and address exactly as shown on the tax return; the present name and address if different from that shown on the return; the tax year for which the refund is believed due; the type of tax return filed; the social security number; the amount of refund claimed; and any other pertinent information needed to verify the claim.

## Picture Night For Buffs

It will be Picture Night tonight when the West Texas State University meets Oklahoma State in the Amarillo Civic Center Coliseum.

All the Buffalo players will be available to fans from 6:30 to 6:45 p.m. on the entrance concourse of the coliseum.

Every fan that does get a picture taken with the players will have a chance to win a Kawasaki BX 200 Motocross bicycle with an aircraft aluminum frame which retails for \$160.

Any person who would like a picture taken with a Buffalo player or players is asked to complete a form which will be available through Kids, Inc., and also prior to the picture taking session from 5:45 to 6:30 at the Civic Center.

## Senior Citizens Meeting Tonight

Canyon Senior Citizens will meet tonight, Thursday, at the Canyon Community Center for a potluck supper, fellowship and table games.

The supper will begin at 6:30 p.m. with all residents aged 55 and older invited to participate in the evening's events.

By completing this form, the person automatically qualifies for the Kawasaki bicycle. Each form will have a number and the person's name. All the numbers will then be put in a hopper and one lucky number will be drawn. You must be in attendance to win.

The person whose lucky number is drawn can pick any Buff player to shoot five free throws for him at the end of the Oklahoma State game. If that player can hit all five free throws, the person wins the bike. If not, the lucky number winner will still receive a \$20 gift certificate.

Fans must use their own cameras for the picture taking session.

In the preliminary game before the Buff-Cowboy battle, Dalhart and Stinnett high schools will play starting at 5:15. At half-time of the WT-OSU game, the Kwahadi Indian Dancers of Explorer Post #80 will perform.

# "I'd rather explain higher gas bills than why you don't have gas."

Your natural gas bill is higher. And, you have every right to know why.

One reason is lower temperatures brought on by winter.

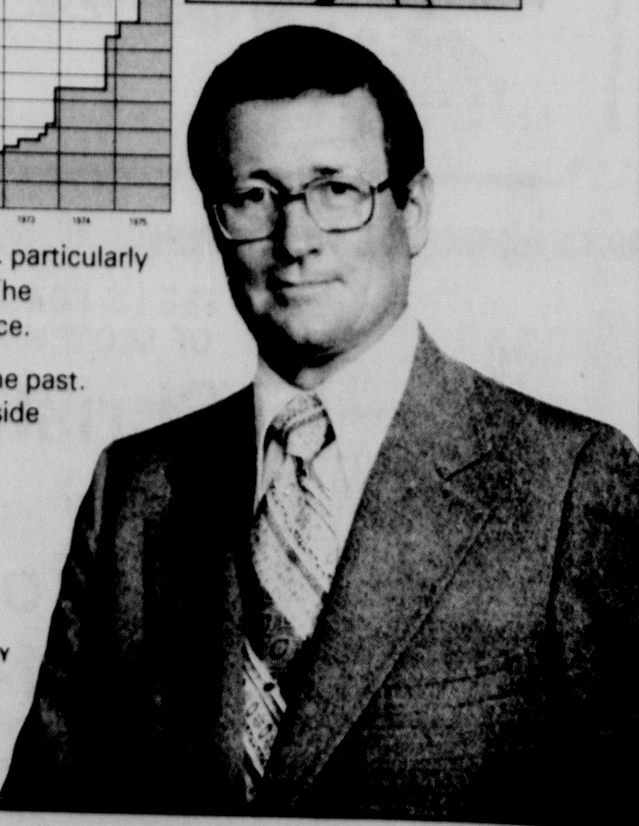

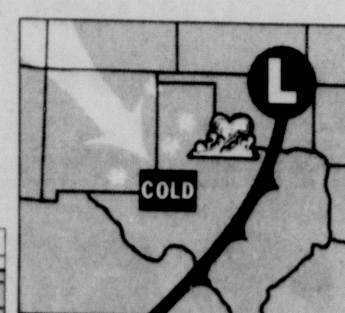

The main reason, however, is simply that you are paying more for natural gas. Because we are paying more. This chart shows how much:

This increase hurts both you and Pioneer. It adds to your bill and to our cost... a cost for which Pioneer is not entirely compensated. It is passed through without mark-up or additional charges.

Why does gas cost more? Competition... particularly from petrochemical and other industries. The competition for gas has never been so fierce.

We will have to pay more for gas than in the past. But by working together, and without outside interference, you'll have the gas you need today and in the future.

THE JUNIOR HIGH Basketball Team won Consolation trophy at the Junior High Tourney in Nazareth last weekend, when they beat Bovina 36 to 29. Junior High Cowgirls lost Consolation to Bovina.

CHRISTMAS ALWAYS COMES and goes whether I am ready or not. Have a good day! And do call me! Mary Neal

Odessa, will become one of two women in Texas to teach industrial education.

She began student teaching Oct. 27 at Amarillo Tascosa High School in general industrial education. She will teach five general shop classes including drawing and architecture of largely boys. Two girls are enrolled in the architecture class, she said.

Miss Montgomery first became interested in industrial education in high school. "I needed one credit to graduate so I took industrial arts. I ended up liking it," she said. "I'd always wanted to be a teacher."

In 1973-74, Miss Montgomery attended Bowling Green State University in Ohio where she took beginning wood and metal, sheet metal, foundry, welding, metal lathe, engineering, design and graphics and electrical and fluid power controls. She was the only girl in Ohio to major in industrial education.

At WTSU, where she transferred last year, she has taken woodshop, industrial finishing, industrial production, power courses, electronics and electricity, metal, foundry, welding and plastics.

She would like to specialize in plastics, but few colleges and no high schools offer the area. She will teach woodshop basics, drafting and architecture in high school.

"I don't try to compete with the guys. The students and teachers here have accepted me real well. The older teachers in Ohio wouldn't accept me," she said. "I'm not a women's libber and once they realize this, it seemed to be all right."

Miss Montgomery said she plans to continue teaching in high school and does not plan to get a masters degree. The government is in demand for women in industrial education teachers and she is guaranteed a teaching job when she graduates, she explained.

"Machines scare girls and they won't take industrial education." She only experienced minor accidents with the machinery and has since cut her waist-length hair so it cannot get caught in the machines.

Miss Montgomery, secretary-treasurer of the West Texas Industrial Arts Association, is the daughter of Mr. and Mrs. James R. Montgomery of 3821 E. 37th Street in Odessa.

Susan Montgomery demonstrates to a fellow student the art of wood clamping. Miss Montgomery is studying toward a degree in industrial education.

west to northeast and therefore Randall County farmers are deprived of needed moisture.

The weather modification activities began last April.

"We've only had five inches (of rain) since last April," Graham said Monday. "Over east around Quitaque they got some good rain. Amarillo got good rainfall."

Graham headed a group of agriculturists who travelled to Austin last spring to formally protest the issuance of a permit to the Hale County group.

Randall County commissioners joined with several other commissioners courts to urge that weather modification activities which might impact on Randall County agriculture be halted.

A study by Texas A&M University researchers released in July indicated that cloud seeding in the Panhandle apparently has little effect on the amount of rainfall areas receive and little effect, too, on the hail damage caused area crops.

The study, conducted to review cloud seeding activities in 1970-73 in a 14-county area just south of Randall County, produced the following conclusions:

"The 14 counties studied received less rainfall during the three years during which the cloud seeding was used, but 'the findings of this study tend to suggest that weather modification attempts had no significant effect on the observed rainfall distributions.'"

"The statistical analyses of hail and cotton-loss data did not indicate a significant effect on hail damage due to cloud seeding. This does not prove that there is no effect from the seeding program, but that, based on available data, no effect could be discerned."

balloting on the issue. A total of 1041 votes were cast for passage of the bond issue while a total of 1366 votes were cast against the issue.

Nevertheless, the vote Tuesday was probably the largest turnout in school district election history.

In Canyon precincts, the vote was: 1185 against and 582 for. In Gene Howe area precincts, the vote was: 433 for and 121 against.

The absentee voters voted 60 against and 26 for.

During the bond election campaign, however, the retention of the lands owned by Fuqua and other developers near Coulter Road became a controversial issue.

Richard Reeves, another developer in the same area, has platted a section of land for full development with houses and other residential facilities for more than 2000 families.

Jr. Cagers Take Trophies

Junior high cagers brought home trophies in two of the three tournaments they entered last weekend.

Ninth grade girls won the Muleshoe tournament while the ninth grade boys white team took second in the Borger Invitational.

Nancy Walling and Cindy Hair sparked a combined purple and white ninth grade team to three close wins in the Muleshoe tourney.

Canyon girls downed Levelland 35-31 as Walling dished in 17 points and Hair made 16.

In the second game, Canyon defeated Dimmitt 46-45 with Hair contributing 24 points and Walling backing her up with 20.

Muleshoe fell to the Canyon girls in the final game, 49-45 with Hair scoring 21 points and Walling hitting 18.

Linda Plain, at guard, was a standout in all three games.

Also at the Muleshoe tournament, the eighth grade girls were downed by Dimmitt and Littlefield after defeating Levelland in the first game.

Canyon eighth graders downed Levelland 42-32 with three CJHS girls in the double figures: Cindy Maddox, 18; Traca Cooper, 14 and Stacy Liles, 10.

But Maddox's 14 points and Liles' 10 weren't enough to hold back Dimmitt in the second game as the Canyon girls were defeated 44-29. Littlefield edged CJHS out in the final game, 30-29 with high scoring Liles contributing 10 points while Cooper and Maddox added nine and eight, respectively.

At Borger, the ninth grade white team downed Pampa in the first game 55-37 then went on to beat Borger 51-50.

In the final game, Canyon fell to Dumas 51-39 to take home second.

High scorers for Canyon for the tournament were Kevin Elders and Larry Whitson, while leading rebounders were Keith Melton and Eddie Clements.

The win gave the Canyon white a 5-1 record for the season.

At Nazareth last weekend the seventh grade girls' white team was edged out of third place, defeating Happy and losing to Springlake-Earth and Hart.

Tennie Orick of Canyon shared game high scoring honors with Happy's Dana Foster at 12 points each as the CJHS seventh graders topped Happy in the first game 22-18.

Standouts as guards were Carla Schmidt and Teresa Stone.

In the second game, Springlake-Earth beat Canyon 19-30 although Judy Cooper shared scoring honors of 11 points with Haydon of Springlake-Earth.

Celia Cotton and Kaki Milherin led the guard efforts for Canyon.

In the final game, Hart downed CJHS 25-32 with Orick scoring 11 points as game high scorer, Debra Drost, Schmidt and Stone led the guards.

with an adequate array of benefits, still nearly half, or 42 percent, said they went to Amarillo once a week to shop, while 30 percent reported shopping in Amarillo twice a week.

The reasons mentioned most often were: The clothing stores, better selections, more stores and better prices.

Canyon teens reported they would like most to see these kind of shops open here: Music store, more clothing stores, jewelry store, drive-in movie, sporting goods store, pet store, motorcycle shop, ski shop, fabric store and hobby shop.

Canyon merchants reported in a preliminary survey that most local business feel the youth market is important and that the majority aim at least some of their advertising at teenagers.

However, researchers found that while the bulk of local merchants use newspaper advertising as their primary medium, most teens prefer television and a radio advertising.

Eight CHS students began the market research in September: Cindy Gollighugh, chairman; Mary Beth Carroll, Mike Tucker, Kem Thompson, Shari Solbrig, Russell Jacobs, Chris Price and Joeline Crow.

An advisory committee helped them devise the questionnaires and assisted with the statistics. Assistant professors of marketing at WTSU, Dr. John Brooks and Bill Semmelbech, gave technical advice, while Dr. Kenneth Hart, director of vocational education at Canyon High, field tested the preliminary questionnaire. John Childs, representing the Chamber of Commerce, distributed the initial survey to area merchants.

The students first surveyed local business to find out if there was a need for a youth market potential project. Nearly all the businesses, or 95 percent, okayed the survey and a majority of local merchants estimated that teenagers accounted for as much as a fifth of their total business.

Next, the DE class formulated their student questionnaire and selected their sample. Using the school enrollment lists, they assigned a number from a statistical handbook to each name and compiled their random sample from that. Seventh and eighth graders each made up 18 percent of the sample, while ninth grade, with the largest enrollment, made up 19 percent. Tenth graders represented 15 percent; juniors made up 14 percent and seniors represented 13 percent.

The sample was composed of slightly more males than females, with 54 percent males surveyed. Most, or 65 percent, of the students lived in Canyon, while 22 percent lived in Amarillo and the remainder inbetween the two cities.

Representing the academic make-up of the community, the students reported their father's occupations to be largely among the professions. Roughly half of the mothers worked, with half of those being employed full-time.

The DE researchers concluded that further studies should be done on the potential of the teen-aged market.

## Gene Howe News

By KAROLYN FARMER  
I HOPE YOU were one of the standing-room-only crowd present at Gene Howe School on Monday evening for the Christmas Program given by the fifth grade students.

The program was entitled "Mr. Grumpy's Toyshop" and was directed by Margie Phillips. The fifth grade teachers who helped with the production were Charles Dowell, Cindy Lasell, Mary Jo Smith and Gloria Taylor.

All of the fifth grade boys and girls looked darling and sang and spoke their parts perfectly. A lot of credit also goes to the parents who worked so hard making their children's costumes and helping decorate the stage.

The parents of the fifth graders provided the refreshments served following the PTA meeting and Christmas Program.

Margie Phillips was surprised with a bouquet of long stemmed red roses given to her by the fifth grade children at the end of their program.

Cub Scout Den 1 of Pack 130 was responsible for the Posting of the Colors for the PTA meeting. The boys who participated were Delbert Hollis, John Hicks, Jay Edwards, Greg Cates, Mike Cunningham and Brent Zachary. Their leaders are Sarah Edwards and Phyllis Hicks.

David Hammonds gave the invocation. Sarah Edwards, Gene Howe Budget and Finance

Chairman, reported on the success of the Chili Supper which was held in November.

Sarah mentioned some of the items, including the kiln and the SRA Kits, which had been purchased with the proceeds from last year's Chili Supper.

She thanked all those who worked so hard this year on the Chili Supper, and reported that there were approximately 1,700 people in attendance, with a profit to the PTA of about \$1,600.

This money will also be used to buy many needed items for our school.

CUB SCOUT PACK 130 met at Gene Howe school on Dec. 4. Scoutmaster Billy Edwards was officially Akela for the evening, and came dressed in traditional Indian finery.

As Akela, Billy spoke to the boys about the awards as they were given, and also presented each of the awards to the Scouts.

Tommy Wallace earned the Bobcat Award. Jay Edwards, Mike Cunningham, Tod Wilcox, Royal Yarbrough, Troy Cates, Chris Seth and Don Meier were each presented Wolf Awards. Earning the Bear Award was Mike Kennon.

Mike Woods and Cody Morris both became Webelos during the ceremonies. Dwayne Hollis, Sam Pender, John Clark and Mike Winters all earned Activity Badges.

The program was given by the Cub Scouts, as each den displayed their special project. Den 2 had made a teepee; Den 1's project was an Indian pueblo; Den 6 had made a replica of Colonel Goodnight's dugout.

The boys in Den 5 participated in teaching Indian sign language to the rest of the Scouts and their parents who were present.

OUR SINCEREST EXPRESSIONS of sympathy go to Mr. and Mrs. Piner Stevens and Mr. and Mrs. Lynn Kelley and their families following the deaths this past week of Keith and Melba (Kelley) Stevens.

Mrs. Piner (Pat) Stevens is a third grade teacher at Gene Howe.

THE GENE HOWE PTA Executive Committee met on Friday, Dec. 5. Prior to the official meeting, members of the committee expressed their tremendous artistic abilities by decorating the school Christmas tree.

Those who did the decorating were proud not only of the fact that the tree looks beautiful, but also that only three ornaments were dropped, and no one fell off of the ladder. And considering the fact, too, that the tree is about 16 feet high, that's a pretty good accomplishment.

MRS. OMA CHARLES, the mother of Mrs. Jairrel (Nell) Moore has been quite ill and was admitted to Northwest Texas Hospital on Monday, Dec. 1st.

LUTHER AND BRENDA Lawless, along with the principal of Rex Reeves School, Bob Parks and Mrs. Parks, went to Houston last week for the Texas Elementary Principals Convention.

Mr. Lawless reports that there were many fine speakers at the convention. They also enjoyed visiting the many booths and displays of the latest developments in teaching aids and materials for use in education.

Brenda and Luther, Craig, Ricky and Tina also recently spent a few days visiting with relatives during the Thanksgiving holidays. They went to Mt. Pleasant to see Brenda's parents, Mr. and Mrs. J.E. Coburn, and to DeBerry, where they visited with Luther's parents, Mr. and Mrs. B.E. Lawless.

MEREDITH RENE' PENDER is the newest addition to the Charles Pender family. Meredith Rene' was born on Nov. 24 at High Plains Baptist Hospital and weighed 7 pounds, 5 1/2 ounces at birth.

Besides the proud parents, Charles and Regina, Meredith was also welcomed at her new home by sisters, Nina and Bridgett, her brother Sam and her cousin, Sean Cronan.

THE 6TH GRADE girls basketball team, coached by Delbert and Loydell Tension, won their last three games this past week and are officially the champions of their league.

The girls played in an exciting game against Ridgecrest School last Thursday at the Civic Center in Amarillo, which they won, 21-16. On Saturday they defeated Whittier by 39-12, and they beat the WCC team on Monday night by a score of 24-11.

The girls will begin their tournament games this week-end.

THE 5TH GRADE girls basketball team, under the leadership of Arland and Twana Arnett, won both of their games this past week. They defeated South Lawn on Friday by 17-9. They played Ridgecrest on Saturday in a real "heart-stopper." The final score was 15-14.

Tournament play for the fifth graders will begin this Friday.

COACH REGINA MCCURRY is really proud of the efforts of the fourth grade girls basketball team. Even though the girls lost their last two

games, Coach McCurry feels they did well, considering they were in the top fourth grade league.

The fourth graders will also be participating in tournament games during this weekend.

CHES BOSTICK WAS treated to a surprise birthday party on Friday, Dec. 5, in honor of his 16th birthday. Teri Morrison and Carrie Hickman took Ches out for dinner so that the rest of his friends could gather secretly at the Bostick's home.

Ches is the son of Jim and Carolyn Bostick.

DON AND JOY Kindley and their son, Gregory, have recently moved to the Gene Howe area

from Chandler, Okla. Dor was formerly employed with Mobil Oil Corporation in Oklahoma City, and is now the senior marketing representative for Mobil in Amarillo.

The Kindleys are originally from Cushing, Okla. Don and Joy are both O.U. graduates, where Don played football for the "Big Red."

Greg Kindley is in Pam Layman's afternoon kindergarten class at Gene Howe, and is especially looking forward to the beginning of T-ball season.

The Kindleys enjoy participating in and watching all kinds of sporting activities. Joy is also an amateur artist and especially likes to paint.

LORI DAWN MCKOWN, the daughter of Jimmy and Paula McKown, was born on Nov. 29 at High Plains Baptist Hospital. Lori is the first addition to the McKown family, and weighed in at a healthy 7 pounds, 4 1/2 ounces.

The McKowns are originally from Borger and now live at Lakeview Mobile Home Park. Jimmy is employed as a welder with Star Equipment Company.

MRS. GLENN (EVELYN) Roy is happy to be back home after a three-week stay at M.D. Anderson Hospital in Houston.

Evelyn says that instead of being "up and around," she's at least "up and down," and is feeling much better.

BASKETBALL COACHES ARE still badly needed for boys in grades 3 through 6 at Gene Howe. The only qualifications are a running knowledge of the game, a lot of love for boys and a good measure of patience.

If you fit into this category (whether you have a boy in one of those grades or not), please call Leonard Schmidt at 352-0741.

MRS. PAUL (CHARLIE) RAE Bennett learned the hard way last week that she won't be eligible for the local "Superwoman" award. A 10-foot evergreen tree in the Bennett's yard had been blown down during a recent wind storm.

Thinking that some passerby might enjoy a free Christmas tree, Charlie attempted to drag the tree out to the road, but managed to pull her back instead.

It will take more than that to get Charlie down completely, but she'll be moving a little slower for a while.

WISHES FOR HAPPY Birthdays go to Linda Trammell, whose special day is Dec. 13, and Eddy Sauer, who will celebrate on Dec. 15.

HAPPY ANNIVERSARY TO Ernestine and Bill Harp who will have been married 23 years on Dec. 17.

Also best wishes to Jim and Winfred Golden, whose anniversary is Dec. 18.

AS I WRITE this column, it's too early to know how the bond election will turn out. But whatever the results are after the ballots are cast and the votes are counted, there's no denying that this has been a rewarding experience for all of us.

Of course, I'm very thankful to God that my family and I enjoy the freedom of expressing our views. I'm also thankful that our community has been drawn even closer together as we worked together for a common goal.

I pray that as we in the Gene Howe area continue to grow in numbers, that we'll also continue to grow in a spirit of love and cooperation.

Thank you for being very special people.

It's time to mail letters to Santa as demonstrated by the elementary 1-3 library door at Rex Reeves School. Students pictured with the poster are Tammy Jennings and Pat Tinsley.

## Mail For Yule Delivery

With the Christmas mail load now hitting its peak, Postmaster Lee Roy Moreland expressed his appreciation for the fine cooperation on his "Main Early for Christmas" campaign.

"Time means everything now," he said. He warns that only by stepping up all Christmas card and gift package mails immediately

will it be possible to process and deliver all cards and packages by Christmas Day. He urged the use of ZIP Codes on all mail.

Moreland urged that mailing Christmas cards and packages be done now. A delay of a few hours may mean they cannot arrive at their destination before Christmas.

# Family Recuperates From Near Asphyxiation

The Grady E. Scott family of 1004 7th Avenue narrowly missed asphyxiation from carbon monoxide fumes attributed to the ventilation system of a wall heater last weekend.

Mrs. Scott awakened at 1:30 a.m. Sunday in order to give her son, David, 15, medications and was responsible for saving her family.

"Something was wrong with David when I went into his bedroom," the mother noted "and I went back to wake up my husband - who was also sick."

"Grady was able to telephone the hospital number for help and they sent out the ambulance and the police," she stated.

Three units from the local police department responded to the call and the family was transported to Palo Duro Hospital's emergency room for treatment.

Mr. Scott was transferred to the Veteran's Hospital in Amarillo for treatment in intensive care. Mrs. Scott and son, David, were released after overnight recuperation at the

local hospital and Mr. Scott is reported to be recovering satisfactorily at Room 230 in the Veteran's Hospital this week.

"We were just lucky," stated Mrs. Scott. "The wall heater in the livingroom was installed last winter and had given no trouble prior to the weekend accumulation fumes."

An attendant from Pioneer Natural Gas Company was on hand to check out the venting system of the heater early Sunday morning, also.

Siesta Noticias

**By DORIS McKEE**  
**HERE WE ARE** with the latest from out Siesta. Seems most everyone is hanging pretty close to home right around now. It's only thirteen more days before the Jolly ole guy in the red suit makes his rounds. Where, oh where has the time flown to?

**SOME DECORATIONS** ARE springing up around the park. Notice Pat and Tex Reed at 247 LaFiesta, Roscoe and Sharon Shipley at 205 LaFiesta, Voile and Francis Whirley of 203 LaFiesta, the Arispe family at 134 Loma Linda and the Robert Lawler's at 112 LaFiesta are really getting into the Christmas spirit by decorating outside as well as inside. Looks real nice.

**I RECEIVED** A very nice telephone call last week from a Mrs. Penrod. I am always very flattered to find a weekly reader, who doesn't know any of us out here.

**OUR WEATHER IS** holding out pretty good for now. Just wonder what it will be in another week or so. Seems I heard somewhere, it was nice enough to take a short stroll on Sunday. Don't remember exactly who said it now.

**TOD McKEE AND** Marty Hoffman went on a church camp retreat this weekend. They went with the youth of Calvary Baptist Church in Canyon. Destination was Ceta Canyon Camp.

They did some eating, sang songs, played games, saw a couple of movies "Eighteen" and "Revelation," had devotionals and all-in-all had a very enjoyable and rememberable time.

**TALKED TO SHARON** Jones Monday night. She has been off work several days due to a pulled muscle. We wish her a speedy recovery.

Seems she, James, Shannon, Randy and Toni spent Thanksgiving at her folks — Mr. and Mrs. H.L. Newman's in Hereford. Also present was her brother and his wife, Pat and Debbie Newman of Amarillo.

**LEARNED ROSCOE, SHARON** and Brent Shipley had Roscoe's folks, Mr. and Mrs. W.J. Shipley of Plainview, visit over Thanksgiving.

**CALLED KATHY BURG**AN to see how she was doing. She has taken a couple of months off her paper route due to the fact that it is almost time for a little bundle of joy to arrive.

While she is off, Peggy Stewart of 107 LaFiesta will be throwing those papers.

**CHS Chorale Sings Saturday**

The Chorale from Canyon High School will perform at the all-region choir program Saturday at 7:30 p.m. at the Amarillo College auditorium. The CHS group was chosen as the guest 3A choir.

**Dinner Party Held By BSP**

A progressive dinner party for Chi Upsilon chapter of Beta Sigma Phi sorority was held Saturday evening, December 6, and began with cocktails at the home of Nell Haws.

The sorority members and guests then progressed to the home of Sherrie Montgomery for a dinner of turkey, dressing and traditional holiday trimmings. The final event of the evening was a social hour at the home of Jeri Rozell where gag gifts were exchanged.

Those attending the event were Joe and Vi Taylor, Kenneth and Marion Thompson, Richard and Janine Adams, Nell Haws, Ronnie and Patti Hargrove, Perry and Marlene Howell, Speck and Monica Benham, Richard and Carrie Bertrand, Ben and Nancy Lowry, Carl and Nell Sims, Jim and Sherrie Montgomery, Jeri and Don Rozell and Buell and Sandy Martin.

**Customs Abroad Highlight Council Meet**

"Christmas Customs of Other Countries" was the program presented by Mary Jane Reeves at the December meeting of Saint Ann's Churchwomen's Council Wednesday evening at the Episcopal Center.

Holiday refreshments were provided by Francis Yows and Jimmie Funk for the large group in attendance.

Plans were finalized for a Parish sponsored New Year's Eve Dance to be held at the KA Lodge in Canyon featuring the 10-A Band. The Alfred Buechers were named to head ticket sales with admission being \$15 per couple including set-ups and refreshments.

The dance will be held from 9 p.m. to 1 a.m. on New Year's Eve with profits to be used by the Women's Council to augment the Friemel donation toward a new pipe organ for Saint Ann's Catholic Church.

**Decorations All Around**

Also learned that Kathy, Ira, Kira, Tina and Lisa Burgan, along with Kathy's folks, Gene and Maxine Colline of Amarillo, attended a reunion get-together at Masterson on Thanksgiving. Kathy grew up around Masterson and her dad still works at the gas plant there. She said there was over a hundred people who attended the reunion. All were families who had lived there at one time.

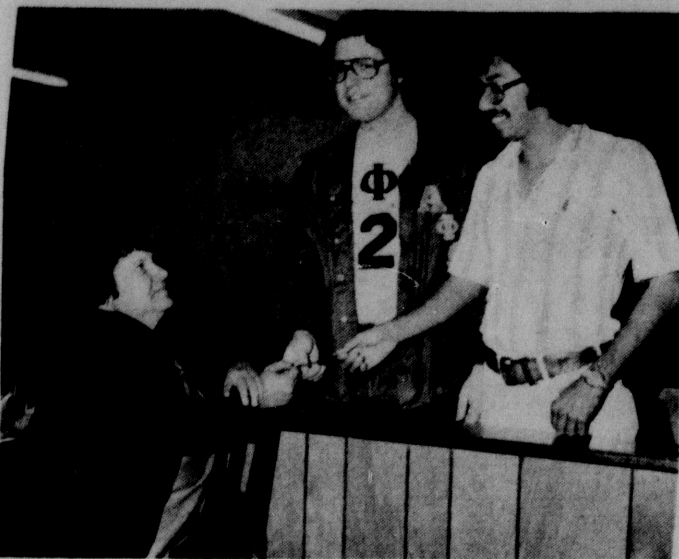

**KATHY RINNE AND** Marcie Weeter who play on the fourth grade basketball team have had a lot of fun and really enjoyed themselves. They had two games over the weekend — one on Friday night that was lost by an 8 to 20 score, and the other on Saturday night. They lost it also by a 3 to 18 score. I understand they have a couple more games to go this

season. Good luck girls! **MYSELF AND DAUGHTER** DeAnn went to Lubbock over the weekend. We visited my mom, Mrs. E.M. Weaver as well as Mr. and Mrs. V.M. McKee, my inlaws. Mother and I did some Christmas shopping. Boy-oh-boy, were the people thick in every store we went to.

**NEWS IS IN** very short supply this week so guess I will sign off for now. Be back next time — so Keep on Reading.

Thought for this week "They say the early birds get the worm — he also gets first pick of gift items, so do your shopping as early as possible so you and your child won't be disappointed."
